WORK EXPERIENCE

FRONT END DEVELOPER INTERN | NEWCORE TECHNOLOGIES

MARCH 2024 – APRIL 2025

- Collaborated closely with designers to transform wireframes into visually stunning UI components using HTML, CSS and JavaScript with frameworks like React.
- Championed clean, modular code practices to ensure seamless integration and maintainability.
- Prioritizing cross browser compatibility and responsiveness.
- Demonstrated proficiency in version control systems like Git, ensuring codebase integrity and facilitating seamless collaboration within team.

PROJECTS

WEATHER APP | [LINK](#)

APRIL 2025

- Integrated a third-party weather API to fetch live weather conditions for any city worldwide, ensuring up-to-date information.
- Implemented geolocation functionality, allowing the app to detect and display for the user's current location automatically.
- Ensured the app is fully responsive and optimized for mobile, tablet and desktop viewing, making it accessible on various devices.
- Incorporated animated icons and color-coded background that adjust based on weather conditions enhancing the visual appeal and user experience.

CERTIFICATES

NEWCORE TECHNOLOGIES Web Development (Internship) |

APRIL 2025

- Gained in-depth knowledge and hands-on practice in HTML5, CSS3, JavaScript and ReactJS with a focus on building responsive, visually appealing user interfaces.
- Developed and contributed to projects that included interactive web development, dynamic content.
